Understood. We will issue you a rain check for next time we are up. Hope you, Carol and the family had a wonderful Thanksgiving.

Saw the article on the front page. Pretty amazing. We should have an alternative in the near future for the RF community as we work out the kinks. Saw another article last week about Maine. Seems they have an outbreak of RF madness there too. So much for science knowledge and education in this country.

Thanks for the offer but all tied up with family. Next time. Take a look at today's Press-Democrat. Another crapo story on smart meters, with pictures, on page 1. Company can't seem to get away from it.

Mike - FYI. Fish and Game letter on Manzana. Very positive.

Also - Sara and I will be in Sea Ranch over Thanksgiving. We'd be happy to have you and Carol over for drinks or dinner if you are free. I've got plenty of great wine to drink.

Bill:

Attached is the final CDFG letter that was sent to the CPUC yesterday to clarify the intent of their October 26 letter.

Happy Thanksgiving all!

Diane
