Subject: RE: Returned Jennifer Dowdell's phone call

Gurbux,

Thank you. As an aside, I couldn't hear your name clearly on the phone this AM. Yes! We have definitely worked together last time I was in Reg Rel. They've asked me to come back to work on gas issues. So, I'll be around.

Thanks for calling me back. Great to be working with you again!

Best regards,

Jennifer Dowdell

Subject: Returned Jennifer Dowdell's phone call

Julie, I talked to Jennifer Dowdell of PG&E. She had been trying to reach you to follow up on your conversation with Jane Yura regarding information you wanted on how PG&E prioritizes their Gas Accord spending. She was also wondering what the best way/forum would be to provide that information.

I shared my own thoughts with Jennifer on the subject and told her that there is an immediate need for the Energy Division to understand how PG&E prioritizes and re-prioritizes its spending so we can respond properly to the many questions that we are asked on this subject. Also, I told her that PG&E should describe its prioritization decision-making and criteria more transparently in a formal proceeding such as the current Gas Accord proceeding. She seemed to prefer a forum outside of the current Gas

Accord.

Please let her know
what you were looking for in your conversation with Jane
Yura.
