Subject: IOU contacts and follow-up on vendor inquiries re: listing of new products for
rebate eligibility

Hi
All,

We frequently receive inquiries from vendors of new technologies or equipment seeking eligibility for utility rebates. Most recently, I received a call from a Mr. Jerry South, who was referred to me by a PG&E representative (don't know who) who said that the CPUC handles these sorts of inquiries.

To be clear, it is not CPUC's role to screen potential technologies for rebate eligibility. That is the IOUs' role as EE program administrators.

All

- Can you please send me contact information for the appropriate person(s) in each of your organizations to whom these inquiries should be referred? Thanks!

Shilpa - Can you please get back to Mr. South? His email is hector.ortiz@westcoastcapital.org. Thanks!

All

- Can you please decide amongst yourselves who should get back to the following inquiries? Thanks!

- Lawrence Fernandez
