Hi Bill- -I apologize I left and forgot to email dates for this meeting.  
Did you have any in mind? I will look at Paul's calendar when I get home and send info.  
We all got so excited when Paul emailed we could leave early, I guess we just lost our heads. I promise to do this asap today.  
Thx

I think it would be good to get together next week for an update from Kirk on the Line 101 issues. The v-mail has some additional details. Let me know what you think.

Happy Thanksgiving.
