Anything for Fairfax folks. We will leave the dinner which I have to make an appearance at at about 6:40 so that should give us enough time to make it to Fairfax. I drive like a regular person and not a 90 year old like Sid, so we should get there by 7:30 :-)

So glad to hear that you may still be able to make it. Drive carefully!

Hi there,

I'm so sorry, but I have to bail on the Fairfax event tomorrow. It turns out that I have to attend a dinner for Comr Bohn and Ryan tomorrow in Oakland for my small business group. Joan Kerr from PG&E will also be there with me.

sorry for the late notice. do you still need a PUC person there?
