I haven't seen minutes from the 2nd meeting yet, are they currently considered confidential?

Tom,

Going forward the meeting minutes will not be labeled confidential either. For the finalized version from first meeting and the current draft for the second meeting minutes, please let me know if you need me

to send you versions without "confidential" in the footer. From your note below though it looks like you just need the presentation deck, which is already not labeled confidential.

Thanks

Hi Tom,

The minutes in particular contain a detailed level of discussion, some of which are off topic from time to time. We labeled them confidential for that reason. Let me get some further feedback on appropriate designation and I will revise them if necessary and let you know.

The presentation deck should be OK to use though.

Hi Redacted

I noticed that the minutes are labeled as confidential in the footer. I believe we agreed that all data from TAP meetings will be open to the public, so I think the "confidential" indication can be removed, correct?

Please let me know ASAP since I plan to reference the TAP presentation in a filing.

Thanks,  
Tom

My view is that anyone who wants to go to the Giants celebration ought to.

I don't quite see it as rationale for further postponement of this meeting.

Thanks,

Mark

The parade will celebrate a historic event and if there is one Giants fan on distribution, I support postponing the meeting so they can participate. I'd just like to make sure the meeting isn't delayed too long. However, since it is late, I will plan to attend the TAP in person unless I get a cancellation notice before 9am tomorrow.

Thanks,  
Tom

Lastly, the SF Giants were extraordinarily successful in the 2010 World Series closing it out in 5 games. As a result tomorrow at 11:00 am is the celebration parade through downtown San Francisco.
