Subject: Long overdue RPS happy hour...

Everyone,

A large CA utility told me yesterday that its ability to hit 20% RPS is dependent on me scheduling another RPS happy before the end of the year. Hmmm - not sure that is a legitimate reason for non-compliance...

So, the next RPS happy hour will be 12/9 (Thursday) at KoKo . The bar is located at 1060 Geary St. between Polk and Van Ness (<http://www.kokococktails.com/>). Please forward this email to other RPS aficionados that you think might appreciate talking about TRECs, or that I forgot to include on this invite :)

See you there,

Paul
