Subject: RE: Organizational Update

Brian,

Can I get on the distribution for this kind of info? I don't know if there is a concerted effort to deal directly with Paul on energy matters, but it seems to be resulting in a lack of info flow to Energy Division and me. Thanks much.

Julie

Subject: Organizational Update

Fellow Employees:

Yesterday several media outlets reported that Bill Devereaux, senior director of our SmartMeter™ program, joined an online anti-SmartMeter™ forum using a fake alias in an attempt to learn more about their concerns.

Bill alerted us to his actions on Monday evening and has since resigned from the company. An investigation into the matter, completed in the last twenty-four hours, did not reveal additional related or similar activities.

Acting with integrity and communicating openly and honestly are core values at PG&E. We must remember the importance of living our values as we strive to understand the needs of our customers and of each other. We are fully committed to our efforts to engage our customers as we continue our SmartMeter™ rollout. As always, our values will guide us in this process.

Greg
