Subject: Nov22\_2010\_RE: PG&E 2011 GRC Phase 3 schedule -- DRA proposed changes

Yes, I have discussed with Norman. Norman and I agree to send DRA's proposed revised schedule as it is now but indicating that schedule for hearings and briefs may need to be further revised pending on the

progress of Phase 2 (non-residential rate design issues) and parties' availability for the hearing dates.

Thank you all for taking the time to consider revising phase 3 schedule.

Norm's concerns underline the need to acknowledge the hearing dates are presented as preliminary ones and may need to be adjusted as the case progresses.

Lee-Whei--

FEA is in agreement with extending the date for DRA and intervenor  
testimony in Phase 3, but we still have concerns about the proposed  
hearing dates. Perhaps one solution would be to reserve an extra  
hearing day in early May if we are unable to complete all of FEA's cross  
in the first three days (April 20-22). In that case, hearings could  
continue on April 25-26, and we would reconvene the week after that to  
finish our cross.

Lee-Whei,

PG&E is ok with the schedule that you have suggested for GRC 3. Shirley

Hi, everyone,

After further discussion with Karen, we agree to keep the DRA/intervenor testimony due date as set by my earlier e-mail.

I revised the rebuttal testimony date as what Shirley requested.

I am keeping the rest of the dates. (Regarding Norman's hearing date conflicts, maybe we can accommodate him to let his witness and his issues addressed in the week that he is available.) In addition, I am going to suggest that we keep the hearings/briefing schedules as preliminary, the parties may ask for further revision when the time gets closer so we can better assess the resource issues then.

Would that work for everyone?

Please see revised schedule below. Thank you very much for your time and willingness to work out things together.

Subject: Nov22\_2010\_RE: PG&E 2011 GRC Phase 3 schedule -- DRA proposed  
changes

Dear all,

I know that all of us are focusing on hearings right now. However, the schedule for Phase 3 is a serious issue, and we intend to seek extension with the Judge and hope to get your support.

The current phase 3 schedule overlaps with the modified phase 2 (non-residential rate issues) schedule, and DRA's contract just got approved a couple weeks ago due to the long delay of California budget approval. The current phase 3 schedule requires that DRA and the intervenors file testimony on February 5, 2011, which is just about a little over two months. There are also holidays (Thanksgiving, Christmas and New Year) to consider. Overall, it will not provide sufficient time for DRA's consultants to conduct an adequate review of PG&E's IT revenue

requirements and may deprive the Commission with a complete record for an informed decision-making.

DRA's proposed new schedule for the Phase 3 is shown below:

PG&E GRC III, A.10-03-014, Current Adopted Schedule	PG&E
GRC III, A.10-03-014, DRA Proposed Revision	
Application	March. 2010    March. 2010

Intervenor Testimony	2/5/2011    3/15/2011
Concurrent Rebuttal Testimony	2/26/2011    4/5/2011
Evidentiary Hearings	03/22-25/2011    4/20 - 4/26/2011
Opening Briefs	4/19/2011    5/20/2011
Reply Briefs	5/7/2011    6/7/2011
Proposed Decision	August. 2011    Sept. 2011

Please let us know by COB Tuesday (Nov. 23, 2010) if you have any suggested changes or objections.

If we don't hear from you, we would take that as you do not object to the changes.

Thank you for your attention and time to consider this.
