Andy,

It is actually item 28. Sorry about that.

Thanks, Meredith

Andy,

PG&E's comments are attached. As background, the post-TOD pricing on the PPAs is around \$172.00. The online dates are 2012 with one in 2013.

We believe the proposal reflected in the comments reaches a reasonable compromise of obligating the seller to pursue RA through the new CAISO process, not requiring customers to pay an unreasonable amount for the network upgrades and providing the seller certainty.

Please let me know if you have questions or need additional information.

Thanks, Meredith
