Hi Jason,

12/14 from 2:00-3:00 works for us.

Thanks for checking on the additional time slots.

Meredith

Hi Jason,

I'm having a tough time finding a slot that works on the 7th. Would 12/10 from 2:30-3:30 work? If not, I will find another time.

Thanks,

Meredith

Hi Meredith-

Do let me know if you and other folks at PG&E have any availability the midday or afternoon of December 7th. We'd appreciate your feedback on the report (<http://www.dra.ca.gov/DRA/energy/solarpv.htm>), as well as your experience negotiating with developers and opinions about how the RFO process might be improved.

Cheers,

Jason

Subject: Invitation to discuss DRA's solar PV report

Hi Sharon-

I hope this finds you well. I'm writing from the Division of Ratepayer Advocates at the CPUC. Recently we released a report on trends in the solar PV industry, comparing retail- and utility-scale prices. Several folks on my team are interested to chat with relevant people at PG&E about their experience with developers and feedback on the report.

Can you direct me to folks who would be appropriate? We are hoping to set up an hourlong meeting or conference call during the week of Dec 6-10.

Thanks for your help, I appreciate it and look forward to hearing from you. I'll follow up early next week if I don't hear from you before then.

Cheers,

Jason
