Anna-Marie - I did receive the letter via email last week. I had heard that Paul was going to send a revised letter today top PG&E and Sempra. If that isn't the case, then I will let people here know.

Hi Brian--  
You should be receiving the hard copy in a few days, but the email CC should have been received last week. I'm finding it and re-sending the email now.  
Thank you for letting me know you didn't receive. I apologize for that.
