Subject: RE: CalBio Biogas - 20 MW Problem

I did bring him up to date - and all he asked was what was the point of what I was telling him - and I responded with what you told me - that you could no longer continue with the CalBio negotiations. I will forward your note from today to make sure he gets the point!

Subject: CalBio Biogas - 20 MW Problem

Carol - you were going to check in with Mike regarding the problem with the RAM issue limiting all contracts that are 20 MW or less to open solicitations and not bi-lateral deals ? We were in the middle of negotiations with CalBio and this will end the deal. If that is ok, I just want to know.
