Subject: Line 132

**Jennifer, we are getting questions on the \$5 million that was diverted from line 132. PG&E has maintained that it spent more money in total than was authorized but spent the money on other higher priority projects.**

**1. Please provide me an explanation of which higher priority project (s) the \$5 million was spent on along with a complete list of all projects done during that time.**

**2. Also need actual pipe line safety expenditures over the last 5 years.**

**I need this information by the end of the day today. Please give me a call if you have any questions. Thanks.**
