I should also note that these are numbers through November. We still have December to add in.

Marzia/Paul/Mike - thought I'd give you a heads-up on PG&E's preliminary 2010 Supplier Diversity results. It looks like our diverse spend hit 32.8%, up from 22.3% in 2009. Total dollars spent with diverse firms rose from \$746 million to \$988 million, more than any other energy utility in California. Kudos for this go to our Supply Chain and Minority Outreach teams, which have done a tremendous job in moving the ball forward and displaying outstanding leadership.
