I support Mark's request. With clear answers from PG&E, we should be able to discuss these important questions quickly, then move to the rest of the agenda.

Hi Jim,

I wish to add to the beginning of the agenda the following items:

-- PG&E Apology/Explanation re: Bill Deveroux spying incident and commitment that it will never happen again.

-- Discussion of PG&E public announcement that it is considering smart meter opt-out.

-- PG&E strategy to address concerns of growing number of customers who fear EMF exposure.

Thanks,

Mark
