Extra time is certainly reasonable given the holidays. Currently, we are fine with getting what I expect to be the vast majority of responses on Jan. 14, with the remaining responses in the following week. However, activity such as a ruling or PD in the docket might make the timing more critical. We can cross that bridge if/when it comes. Any responses earlier than Jan 14 would be welcome.

Thanks,  
Tom

Tom,

This confirms receipt of DRA's data requests dated Dec 20, 21, and 22 in regards to A. 10-09-012. The various PG&E staff members who would be working on the data requests are taking time off during the holidays and the team will not be back until after January 3. We are targeting January 14, 2011 to provide responses to your questions. There may be questions that will require additional time beyond January 14 and we will have a better estimate after we meet with the staff members upon their return in 2011. If some of the questions are completed earlier, we will send them to you.

Please let me know if this will work for you.

Best regards,
