Subject: Re: PHC and Discovery - A.10-11-002

Sarah,

Per your request at the PHC today, the links below will provide you further information regarding Southern California Gas Company's RD&D program submitted as part of their GRC filing (the most recent one is A.10-12-006). The link below takes you directly to the testimony that specifically addresses the Technical Development (RD&D) program (discussion of this program commences on page 41).

Link to testimony:

http://www.socalgas.com/regulatory/documents/a-10-12-006/Testimony/Exh%20SCG-09%20G_Wright_Cust_Serv_-_Info_.pdf

Additionally, the link below provides general information regarding the program funded in their GRC:

<http://www.socalgas.com/business/technologyinvestments/index.html>

Finally, I wanted to schedule an informal briefing with you for the first week of January. Can you please let me know what your preferred times are, and who else you'd like me to include from DRA?

Thank you,

[Redacted]

Pacific Gas and Electric Company

Thanks. While DRA feels strongly that this isn't like CAES given that PG&E is investing in a third party, we do look forward to working with you productively.

Sarah - per my voicemail, I will be out of the office next week and therefore won't be at the PHC on this. However, my colleague Stacy Walter will be there and she is very capable and experienced -- feel free to touch base with her if you have any questions or suggestions.

Also, we'll move expeditiously on DRA's data request and will try to get it out before the holidays if possible. I saw that you are asking for verification of our responses -- we'll identify the appropriate managers or officers for each response in the same way we would with witnesses -- hope that works for you.

Again, sorry I will be out, but thanks for your consideration and help.
And have a great holiday!
