Re: Energy Efficiency Evaluation Report for the 2009 Bridge Funding Period, Request for Extension of Time

Dear Ms. Fitch:

By your letter of December 22, 2010, the Energy Division requests a 14-day extension of time to complete the Energy Efficiency Evaluation Report for the 2009 Bridge Funding Period. Decision 10-04-029 directed Energy Division to complete this report by December 31, 2010. I am informed that following prior Commission directives, Energy Division issued the draft report on November 10, 2010, held a webinar on the draft on November 22, and solicited parties' comments by December 10, 2010. Energy Division requests that it be allowed to issue the report by January 14, 2011.

The Energy Division believes this extension is needed to properly review and respond to parties' comments related to the energy savings estimates presented in the draft report, and re-run the analytical tools used to derive the results in response to those comments.

The Energy Division's request for a 14-day extension of time to issue the Energy Efficiency Evaluation Report for the 2009 Bridge Funding Period is granted. All parties to A08-07-021 shall be notified that this request for extension of time has been granted. Notification may be done by email.

Sincerely,

A handwritten signature in cursive script, appearing to read "Paul Clanon".
