Re: Energy Efficiency Evaluation Report for the 2009 Bridge Funding Period, Request for Extension of Time

Dear Mr. Clanon:

Pursuant to Rule 16.6 of the Commission Rules of Practice and Procedure, the Energy Division requests a 14-day extension of time to complete the Energy Efficiency Evaluation Report for the 2009 Bridge Funding Period. Decision 10-04-029 directed Energy Division to complete this report by December 31, 2010. Energy Division now expects to issue the final report on January 14, 2011.

Following prior Commission directives, Energy Division issued the draft report on November 10, 2010, held a webinar on the draft on November 22, and solicited parties' comments due on December 10, 2010. Energy Division is requesting this extension in order to properly review and respond to party comments related to the energy savings estimates presented in the draft report, and re-run the analytical tools used to derive the results in response to those comments.

This extension of time request is being served on all parties on the official service list for A08-07-021. Your timely approval of this request is appreciated.

Sincerely,

Julie Fitch
