Subject: FW: EE Strategic Plan

Hi Red,

Is there any chance you can help me get something on Jan's calendar for the 13th or 14th? I just need an hour for a call, preferably after 3pm on Monday, December 13th. Thank you so much!

Best,

Kristina

Subject: EE Strategic Plan

Hi Jan,

Great to see at BECC and catch up on your diving adventures! Per your suggestion, I'm following up with you (and I'm assuming your assistant will be checking your email and be working on your schedule while you are out) to set up a time upon your return to schedule an interview with you as part of a research project on the future of the California Energy Efficiency Strategic Plan.

Much has been learned in the two years since the Plan was first published in 2008; as part of our research, we're working to identify a range of options that can best address the factors critical to the

Plan's success through 2020 (and beyond). Your perspective is crucial to this project, including your thoughts on the structural, organizational and even financial elements that you think will help achieve the goals of Strategic Plan. Do you have a 60-minute time slot available in your schedule either on December 13th or December 14th? (I doubt we will need the entire hour, but I'd like to book it just in case.) Our discussion will help inform the future of the Strategic Plan, and California's ability to achieve the Plan's goals.

I'd like to brief you on report we'll be working on with regard to the future of the Strategic Plan, but spend most of our time on the interview questions as well as cover any additional topics that come up related to this project. Attached are a the documents we'll be using in our call.

Best,

Kristina Skierka
