Subject: Additional Service Request for PG&E Affiliate Transaction ALs

Linda,

Per my call, please see below. I am working with Jack Fulcher and Damon Franz in the Energy Division to handle these Advice Letters. Jack Fulcher is out of the office this week.

Some of your recent Advice Letters related to the creation of a new affiliate were related to the solar industry. Please reserve the Advice Letters with additional service as noted below.

- AL 3141-G/3708-E (filed July 23, 2010) has been suspended. This AL should be re-served on R. 10-05-004.
- AL 3170-G/3763-E (filed November 22, 2010) has just been filed. This AL can be re-served on R. 10-05-004.
- AL 3091-G/3616-E (filed February 11, 2010) has been rejected. We understand there is a supplement on that possibly being prepared. If it filed, we would also like it to be filed and served on R. 10-05-004. (Do you know if PG&E is planning to be refile this Advice Letter? If so, doing so in the near term might be a good idea to keep them all together in terms of Energy Division disposition in a similar time frame.)

There should be a 20 day protest period from that date on which PG&E reserves any of the Advice Letters.

If we have the above numbers wrong for any reason, please let me know. These are the ALs related to the solar affiliate transaction.

Erik - This email takes care of the call I placed to you earlier in the week.

If you have any questions, please let me know.
