Subject: FW: General Rate Case participants in SCE (A.10-11-015), SDG&E (A.10-12-005) and SoCalGas (A.10-12-006)

For your planning and scheduling purposes: Please be advised that a joint prehearing conference (PHC) for all three general rate case applications (GRC), followed by separate PHCs for SCE, and SDG&E and SoCalGas, will be held on Monday, January 31, 2011 at 10:00 am at the CPUC's hearing room in San Francisco.

The purpose of the joint PHC is to discuss the scheduling and workload constraints that the utilities and the parties may have with all three GRC applications proceeding at the same time with the goal of having new rates in effect on January 1, 2012, and to develop an overall time schedule that permits the utilities and the parties sufficient time to participate in each of the proceedings. ALJs Melanie Darling (assigned to SCE A.10-11-015) and John S. Wong (assigned to SDG&E A.10-12-005 and SoCalGas A.10-12-006) will preside at the joint PHC. Copies of all three GRC applications (and the schedules the utilities are proposing) can be accessed on the three utilities' web sites.

Immediately following the joint PHC, separate PHCs will be held for SCE, and for SDG&E and SoCalGas. The purpose of the separate PHCs is to discuss the scope of issues to be addressed in the respective proceeding(s), whether evidentiary hearings are needed, whether public participation hearings should be held, and the procedural schedule for resolving all of the issues raised by the application(s).

Written rulings providing notice of the above PHCs will be sent out later this week or early next week.
