Just a check. One page lists discussions with COO of PG&E ? What does that mean ? The Chief Operating Officer Jack Keenan ? Or do you want Chris Johns there ? We can go into more detail later but I need to get a note out without panicking internal parties.

Brian, I'm attaching two documents from the Independent Review Panel, with topics they'd like PG&E to be prepared to discuss with them on the 12th and 13th. They'd like PG&E to decide who the right people are to address these topics; I'd appreciate your including Frank and me in your decision on that, in case we have suggestions. Thanks.

Thanks Paul. We will be prepared to discuss within their time constraints. As you hear more specifics, let us know so that we can be prepared to answer their questions.

Brian: See below for info on PG&E presentations to the Panel. The format is private and informal. I'll have some guidance for you early next week on the specific topic areas the Panel would like PG&E to cover in these first sessions, and we can settle on the appropriate people to present. Thx.

Dear Paul,

As you know, the Panel wants to meet with PG&E representatives January 12, 9am-1pm, and January 13, 11am-4pm. We would like the PG&E representatives to discuss; “The Policies and Practices for Monitoring Pipeline Integrity That Were in Force at the Time of the San Bruno Incident.” PLEASE INFORM PG&E OF THESE MEETING DATES AND TIMES.

[snip]

Finally, the second day of the Jan 12&13 meetings is intended to make sure that PG&E has sufficient time to present all their material. The Panel will need an hour at the end of the second day to discuss our next steps. If PG&E finishes earlier than 3pm, we will move our schedule appropriately. PLEASE SO INFORM PG&E.
