Subject: URGENT ACTION NEEDED! Illegal altering of utility equipment! ♥

Dear ♥Reader (yes, YOU)♥,

I am writing on behalf of my precious friend Marla, who is witness to California's Biggest Corruption Case. She used to have trouble getting through to you, because the mob tried to sabotage all her attempts to do so. I assure you with all my heart, that Marla is indeed the one telling the truth. Please let's help her expose these criminals. We must investigate them. Then they can't spread throughout Fresno, and out into the rest of California.

The Central Valley 50 year secret water diversion operation is indeed the Case Of The Century! We need to rescue Marla, so she can give us the information to save you and I and future generations!

The mob has cornered Marla by putting listening devices into her mouth, hacking into her computers, tapping her telephone calls, and giving her only weeks left to live. No

one expected Marla to be around this long.

We cannot allow the secret water diversion operation to claim the rest of California. We must not allow it! There must be a public outcry!

The criminals include: insurance companies, insurance agents, estate planners, attorneys and former City of Fresno employees.

The crimes include: secretly replacing the city water system one section at a time, targeting clients for home repairs then deliberately deluging their properties with sewage, planting home health personnel who try to ensure clients do not recover from the sewage, fraudulent paperwork to allow Wilbert Swieso to become the beneficiary of the properties and assets the clients leave behind, getting some City of Fresno personnel to lie on his behalf and alter the records.

For complete information, please visit Marla's Facebook. <http://www.facebook.com/profile.php?id=703340582>

Marla wants to say: "Since I am so closely monitored, I hope my group does not intercept and try to sabotage things. I know how convincing they are - including the city employees in Swieso's pocket. Nothing they say should be believed. Behind the lies and altered records is the Case of the Century. guarantee it."

Dear Reader, I give you my assurance that all I wrote is 100% true. I am completely behind my truthful, sincere, good, kind, dear and loving friend, Marla.

I await your reply with much hope.

Hugs,  
MJ
