**R.09-11-014: Workshop
on Post-2012 Energy Efficiency Portfolio Cycle Schedule and Bridge
Funding Issues**

**February 16,
2010**

**CPUC
Auditorium**

**This workshop was originally
scheduled for February 3, 2011, and has been rescheduled. Please note the change.**

In accordance with the December 23, 2010 Assigned Commissioner's Ruling in R.09-11-014, Energy Division will host a workshop on February 16, 2011 to solicit input from parties on whether to extend the IOUs' 2010-2012 energy efficiency portfolio by one or two years, and how to structure the anticipated bridge funding period following the current portfolio cycle. Topics to be discussed will also include the budget level for any bridge year(s), how to conduct a mid-cycle review and any possible portfolio adjustments, treatment of RRIM, and other pertinent matters. The Energy Division will issue an options analysis white paper, and series of related questions, to the R.09-11-014 service list seven days before the workshop.
