Was with [Red] yesterday at LLL. He is great, very pro technology, etc. A businessman, he passes several tests and is very articulate. I think he could sell himself to Brown.

Ferron is still in the game. [Red] may call you. He would be a good supporter of infrastructure. Laura hasn't had much support and she hasn't campaigned as if she wants it. She would be great. [Redacted] tool something already.

Bob F has no interest; already on the ISO board and wants to run statewide. Here are some names (what happened to Mark Ferron?):

1. Laura Doll
2. [Redacted] (would be terrific; lives in Scal but would move).
3. [Redacted]
4. [Redacted] (tough to convince; makes too much \$).
5. [Redacted] (he's former head of SCAG).
6. [Redacted] Environmental Entrepreneurs).
7. [Redacted] (may have taken another job in the Administration).

Bob F has been suggested but we don't think he is interested. What about  
Redacted?
