Subject: ME&O PIP Update - February 7th

Good evening, Simon!

I wanted to let you know that the revised statewide ME&O PIP will be submitted for upload to EEGA on February 7th, rather than on January 31st. The extended timeframe is due to the fact that when the PIP was originally written, it far preceded the SW ME&O efforts that eventually lead to the Engage 360 campaign. There is a significant amount of updating related to direction from the decision pertaining to the Engage efforts that the SW team would like to incorporate, as well as provide ample time for internal review from numerous stakeholders/management within the IOUs.

Please let me know if you have any questions.

Thank you!
