Thanks, Trina! I have no voice or I would have called you back.

Terrie

Left you a vm. I asked [Redacted] to get the leak survey rpt to you and Denise. We are not officially filing until tomorrow so please just use it to prep yourselves. Let me know if you have questions.

Hi Trina,

Paul shared with me that PG&E will provide to the CPUC tomorrow (instead of today) the leak survey report. Also coming tomorrow is the status report on the records review PG&E is undertaking.

For both reports, do you have any summary material we can look at today so we have a sense of what's going to be in the reports? Perhaps whatever your local government folks are using? I'd give you a call to discuss, but I've lost my voice entirely.

Thanks!

Terrie
