**Notes:**

1) Dates in the past are actual commercial operations dates. Dates in the future are PG&E's current expectation of commercial operation based on information available to PG&E. Assessments of future deliveries are confidential and protected information submitted pursuant to P.U.C. Section 583.

{Redacted}

3) The Amended and Restated FPL Montezuma Winds, LLC PPA, is significantly more than a price amendment. PG&E terminated the old PPA and entered into a new PPA with a longer delivery term, different contract capacity, different turbines, new scheduling provisions, and a new online date.
