FYI. Kevin Dasso is the SmartGrid guy. You might hear from him. Good luck.

I think she'd be PL1 or PL2 - probably the latter but that would be the hiring supervisors call. She knows a lot about the SmartGrid and helped Nancy in that area.

FYI. I met with Melissa Slawson today, who was ex-Commissioner Nancy Ryan's telecommunications and legal advisor. She is bright and articulate and looking for a change. Not sure if there is a fit for her in your organizations, but I thought I'd forward her resume along to you.

Brian,

Thank you again for taking the time to meet with me today. I very much enjoyed our lunch.

Per our conversation, I am attaching my resume for your review. It highlights my legal and policy experience on a variety of broadband related matters including deployment, mapping, customer protection and privacy, and, as of recently, Smart Grid.

Please feel free to pass this along and provide feedback as you see fit. I look forward to speaking with you again soon.

Thank you very much.

Regards,
Melissa
