Brian,

I don't exactly know what this is in reference to, but folks have checked in Energy Division and we don't currently have a copy of this document on site. It's possible that it could be in some offsite archive, and we will check into that, but it will take some time and I think it's unlikely to result in finding the document at this stage. The CPUC was located in a different building when this report would have been filed. It would seem most likely that PG&E should have a copy? In the meantime, have you inquired with CPSD? Also, Kale, could you also send ME (and Richard Myers and Gurbux Kahlon) a copy of the decision in question? Thanks.

Julie

Thanks again Kale and Julie. One last request. The decision orders the utilities to file their reports 6 months after the decision date (12/1/67) We are in the process of looking through our files for them (Sempra told me they checked their files and couldn't find them). Do you think they might be in the Energy Division's archives ? Thanks again.
