I think a couple of those workpapers would also be helpful. They are referenced at p. GAW-46. I will send them to you if we have them.

I'll take a look and let you know but this sounds like exactly what I need. Thanks.

Andy,

The attached testimony is better than I thought. The description of the program starts at p. GAW-42. It discusses the equity or royalty nature of investments at p. GAW- 46-48 and confirms that they spent nearly \$40 million since the last GRC (p. GAW-49). SoCal even has a sharing mechanism between customers and shareholders.

Their website also describes their portfolio.

Please let me know if you need additional information. I don't have the workpapers referenced in the testimony but I'm working on tracking them down.

Thanks,  
Meredith
