Subject: RE: agreement letter

After talking with Pete, minor addition highlighted in yellow. Also removed the language about 2009. Pete is on board, so I now just need to send this to Julie to see if she wants to sign the letter or if Pete should sign it . So this is good to go pretty much. Also, who would this letter be addressed to?

To _____:

This letter documents an agreement between Energy Division and the IOUs regarding the utility tracking data that is due on March 1, 2011. Pursuant to Decision 07-09-043 Attachment 6, PGE, SCE, SDGE, and SCG will submit utility tracking data that represents utility reported accomplishments in 2010, in the format agreed upon with Energy Division, by March 1, 2011.

Per Decision 10-12-049 p.60, the utilities are allowed to claim energy savings for CFLs that were procured and rebated in the 2006-2008 time frame, but were not installed until subsequent years. The estimate for CFLs procured and rebated in 2006-2008 but installed and generating savings in 2010 is not yet available, but will be available soon. As a result, the utilities are permitted to update their March 1, 2011 tracking data, for the sole purpose of adding these additional CFL savings, once they become available. The IOUs will submit their updated tracking data within 30 days after the updated CFL information becomes available. This updated submission will be considered part of the March 1, 2011 submittal and will serve as the basis for 2010 program year savings and associated incentive claim. No other updates can be made unless further authorized by the Commission, Energy Division, or Assigned ALJ, as appropriate.

George,

How about this? The combined version below. Clean directly below and redlined/highlighted for new further below. We should cc: Julie and Paul when submitted. Paul probably will not read, but given he is responsible for these kinds of things, might as well keep in the loop.

Thanks.

Shilpa

What do you think? The last line is meant to point to the non-deer issues that would likely require another resubmittal.

Shilpa,

Can you get the agreement email started? I'm still writing a note to Pete and it's taking a while.
