Still on for 3:00!

I'm also going to send to you a letter that Rich Clark asked Brian Cherry for (informal data request), that confirms which lines PG&E has reduced pressure on pursuant to CPUC directives. **Nothing in it should be a surprise or alarming.** It is not something we are going to make public (most of it is public anyway) but it will be a good reference for you. Also coming later this afternoon. OK?

Hi Trina,

Does it look like we're still on for 3-ish today?

Thanks!
