Subject: PANC Talk March 8

Hello, friends and fellow PANC members.

I'm looking forward to returning as guest speaker for the

Tuesday, March 8 PANC Luncheon at the CitiClub in SF.

I've been asked to scope out some of the major energy & regulatory trends for 2011,  
so you can expect we'll cover a lot of ground while you're enjoying dessert.

I have a column in this week's California Current newsletter that you might find of  
interest,

looking at the new boundaries of regulatory jurisdiction...plus all the week's news.

Find this week's issue attached, and by all means take advantage  
of your PANC-membership discount offer for a Current subscription!

Hope to see you in March.
