I always wait too long to go to the doctor too. I haven't learned yet that Hope for The Best isn't too effective.

Thanks, Trina. I may actually go to the doctor today - apparently my take Tylenol and hope for the best prescription is not working... :)

Subject: Link?

Hi Trina,

On our website we link to PG&E's webpage where people can see where gas pipelines are located. Looks like that link has changed on the PG&E website. Can you please send me the new link so I can have our webpage updated?

Thanks!

Terrie
