Subject: Energy Division Data Request on RPS Costs

Energy Division Director Julie Fitch has requested that staff obtain the following information:

An annual projection (2011-2020) of RPS-eligible energy costs for all approved PPAs broken out by below-MPR contracts, above MPR contracts that are AMF-eligible, and above MPR contracts that are not AMF-eligible contracts. To the extent possible, more granular information (costs by individual contract, technology type, bilateral/solicitation) is desired.

Please provide this information in Excel format by COB March 2. Your response should be submitted to the CPUC staff included on this e-mail.
