Subject: RE: Energy Division Data Request on RPS Costs

Hi Amy -  
SCE would like to request a week extension on this data. Given resources and work load, we need this additional time to complete this. As you know, we're currently working on our compliance reports.

I spoke PG&E and SDG&E and they support this.

If it is ok, we can send you what we did for DRA.

Please contact me if you would like to discuss further.

Thx!

**Subject:** Energy Division Data Request on RPS Costs

Energy Division  
Director Julie Fitch has requested that staff obtain the following information:

An annual

projection (2011-2020) of RPS-eligible energy costs for all approved PPAs broken out by below-MPR contracts, above MPR contracts that are AMF-eligible, and above MPR contracts that are not AMF-eligible contracts. To the extent possible, more granular information (costs by individual contract, technology type, bilateral/solicitation) is desired.

Please provide this information in Excel format by COB March 2. Your response should be submitted to the CPUC staff included on this e-mail.
