Subject: FW: Reminder: Speier Meeting

Paul, just a reminder heads up about that question that Congresswoman Speier had, and the confidential maps I previously provided to you in answer to her question: PG&E is meeting w/ the congresswoman today at 1:30 to go over that information. I thought you might want to see the talking points they're going to use - see below. The maps that are in the email below should be consistent with those I previously provided to you; they will be shown, discussed and taken back at the end of the meeting today.

Call us if you have any questions.
