Hi Sid and David,

Just following up on the request, as I don't recall seeing PG&E's response.

Thanks!

Chris

Subject: Question regarding IEC standards

Sid and David,

To what extent is PG&E already using the IEC standards pending before FERC.

The pending IEC standards are:

IEC 60870-6-503, IEC 60870-6-703, IEC 60870-6-802

IEC 61850

IEC 61970

IEC 61968

IEC 62351 Parts 1-7

If you could respond by Wednesday, February 23, that would be great. If you have any questions, please email me or Wendy Al-Mukdad.

Thanks!
