Amy:

Here is the list. As we discussed earlier today, I have added the pending FIT project with a footnote. Once I have confirmation that it has achieved full COD, I will let you know. Until then, please do not add it to your report.

Thanks,
-David

Hi Meredith,
Can you let me know if PG&E has any new (including re-start, or additions as part of a re-power) MW that have reached COD (per CAISO rules) since 1/1/2011? This should be a comprehensive list including any PV projects.

Please include the contract name, MW, GWh, and COD.

Can you let me know by Friday at noon?

Thanks
