Gregg - can you help me with this water company ?  
Rami is Division Director of Water at the PUC and claims our inability to  
restore electricity will result in a water crisis for the community of  
Oakhurst. Could you have someone run this down ASAP ?  
Thx.

Brian:

I need your  
help.

I received a call  
from Redacted today. They have been without power since Sunday  
evening. They expect to be out of water by Wednesday afternoon unless  
power is restored. They have been unsuccessful in getting any information  
regarding that from the local PG&E office.

Hillview is the  
primary water supplier for the community of Oakhurst.

Do you have a contact for  
me?

Thanks

Rami
