It looks like either 8-9 or 2:00 can work for PG&E - prefer 8-9 if possible. Brian

Does anyone have opposition to PG&E's request to move this meeting to next week?

How about Monday at 9:00 am?

All:

Unfortunately Redacted cannot make it at this time due to firm prescheduled commitment (9:00 to 11:00). As he is a key player for PG&E, we request that you consider rescheduling this call for next week. A substitute from the PG&E Technical Products and Services can be arranged if necessary; however, given the importance of the discussion on collaboration, and that the scope of the discussion is broader than HVAC, that option is not ideal from our perspective.

Michelle - sorry I was not able to get back to you sooner.
