Subject: Updates on ED staffing, and request for (1) IOU updates to ED-IOU SW EE Program Lead "Roster" and (2) IOU contacts to discuss a multi-family EE/LIEE pilot program proposal

Hi All,

I have a some information to share and two requests.

First, I wanted to let you know about several ED staffing updates with regard to the SW EE program leads. They include:

- **Advanced Lighting, Basic Lighting, Lighting Market Transformation** - Mikhail Haramati
- **HVAC** - Simon Baker (interim until Anne Premo's replacement is hired)
- **Finance** - Simon Baker (Interim until Jennifer Finnigan returns from maternity leave)
- **Industrial and Ag** - Kay Hardy (Interim until Jennifer Finnigan returns from maternity leave)

Second, can the IOUs please update and return the ED-IOU SW EE Program Lead "Roster"? A few items that need attention, e.g.:

- MFEER - Missing, needs contacts
- PG&E lighting lead - Who has replaced Nate Bellino
- Anything else?

Finally, an immediate request: Sarita Sarvate (Supervisor, LIEE) is looking for a list MFEER IOU program leads. Can you reply all with that information asap. Sarita wants to set up a meeting with IOU LIEE and EE program folks (e.g., whole-house, MFEER) to discuss an Energy Division proposal for a multi-family EE/LIEE pilot program for inclusion in the IOUs' upcoming LIEE application. Thanks!

Best,

Simon Eilif Baker

Subject: Energy Division Assigned Lead for

Basic Lighting and Advanced Lighting - Mikhail Haramati

Hi
All,

You may have already heard, but I just want to formally announce that Mikhail Haramati is now the new Energy Division's residential lighting programs lead, including both Basic Lighting and Advanced Lighting programs (Cathy had been the de-facto lead). Mikhail continues to be the lead on Lighting Market Transformation (LMT) program, as well. She is not the lead on commercial lighting programs; those are still being lead by Jordana Cammarata. Jordana and Mikhail will be working closely together on cross-cutting lighting issues, including LMT.

Best,
