Subject: 3/30 HVAC Action Plan Stakeholder's Meeting - Agenda, and Notice of Availability of Draft Action Plan

To All Parties to R.09-11-014,
R.09-01-019, and A.08-07-021:

A stakeholder meeting to review the draft HVAC Action Plan will be held on March 30th at **10am-3:30 pm** in San Francisco at the California Public Utilities Commission (CPUC). This meeting will be comprised of members of the Western HVAC Performance Alliance (WHPA), a stakeholder forum established to advance HVAC Strategic Plan goals, as well as other HVAC stakeholders across California. This workshop will be an opportunity to review the HVAC Action Plan in draft form, provide feedback and learn more about progress to date against the goals of the Strategic Plan and the 10-year time horizon to achieve state's "Big Bold" goals for HVAC.

For those wishing to provide written comments on the draft action plan, please submit no more than five pages to

CPUC's Energy Division by Wednesday April 6th at 5 p.m. Comments should be succinct and reference edits or amendments related to specific milestone (e.g., "1-1-5: change timeline to Q1 2011") with a two to three sentence explanation. **Please note:**

Pursuant to CPUC Decision (D.) 10-09-047, "action plans are not part of the formal [energy efficiency] proceeding [Rulemaking 09-11-014 or its successors] because they will not set new rules or policies or mandate actions by the IOUs or be adopted by the Commission." Therefore, action plan comments are not to be filed in R.09-11-014 or any other docket. Any comments erroneously filed will be removed from the docket according to CPUC rules of practice and procedure.

Subject: Courtesy notice of 3/30
workshop on HVAC Action Plan

To All Parties to R.09-11-014, R.09-01-019, and

A.08-07-021:

This notice for an upcoming workshop on the **Heating, Ventilation and Air Conditioning (HVAC) Action Plan** for the *California Long-term Energy Efficiency Strategic Plan* (Strategic Plan) is being provided as a courtesy to all parties to the above-referenced proceedings.

As noted in D.10-09-047 (decision adopting the lighting chapter of the Strategic Plan), "Energy Division - in coordination with utilities, state agencies, a variety of entities in buildings and industry, and a wide range of trade groups and nonprofit organizations - is creating action plans for the Plan sectors. These action plans are designed to: (a) identify the key actions required to achieve Plan milestones; (b) secure leaders (hereafter, "champions") to achieve these actions; (c) track and report on progress; and (d) feed into the development of the Strategic Action Plan Progress Report in June 2011." The HVAC Action Plan is a way to support and operationalize the HVAC goals of the Strategic Plan for residential and commercial sectors.

Pursuant to D.10-09-047, the Commission clarified that "action plans are not part of the formal EE proceeding because they will not set new rules or policies or mandate actions by the IOUs or be adopted by the Commission." Therefore, this notice is being provided as a courtesy in order to provide interested parties opportunity to comment in the context of the workshop.

A stakeholder meeting to review the draft HVAC Action Plan will be held on March 30th at 10am-3pm in San Francisco at the California Public Utilities Commission. This meeting will be comprised of members of the Western HVAC Performance Alliance (WHPA), a stakeholder forum established to advance HVAC Strategic Plan goals, as well as other HVAC stakeholders across California. This workshop will be an opportunity to review the Action Plan in draft form, provide feedback and learn more about progress to date against the goals of the Strategic Plan and the 10-year time horizon to achieve state's "Big Bold" goals for HVAC.

Please RSVP by March 17th by replying to this email or sending

a new email to HVACActionPlan@betterbuildings.com with "HVAC Action Plan Workshop" in the subject line. Please do not RSVP to me. For those who RSVP, you will receive a draft copy of the Action Plan to review in advance of the meeting. A call-in number and webinar URL will be provided with the agenda in advance of the workshop.
