Subject: RE: Pipeline Plans/LED Replacement Lamp Question

Thanks Mikhail. Appreciate you forwarding this to us. We will follow through on what we discussed today and check in with you if we have any questions for you.

We will also work on setting up the meeting with Simon.

Talk to you soon.

[Redacted] so good talking with both of you today. Attached is an excerpt from the LMT approving decision language and the full SCE LMT PIP.

This information was also distributed at the December and October LMT check-in meetings.

Subject: RE: Pipeline Plans/LED Replacement Lamp Question

Thanks Redacted I've forwarded your request to the EE planning team. Attached is a document Jenna put together summarizing direction given for the pipeline plans from both the approving decision in A.08-07-021 and the PIP. I've also attached pages from that decision as well as the SCE PIP for reference.

Subject: Pipeline Plans/LED Replacement Lamp Question

Mikhail,

It was a pleasure speaking with you today. Please send me any relevant information needed to get up to speed on the lighting pipeline plans. I can also follow-up with Vireak to get his work if that is easier.

I'm interested in speaking with someone in the CPUC commercial lighting group about inclusion of LED replacements lamps in our calculated incentive programs. Who is the best person for me to reach out to?

Best,

Redacted
