How are you on the language regarding the additional requirements? Also, in the table, should the total miles be cumulative? So the July 10 total miles would include both the 152 and the 295 for a total of 447 - Or are we just listing the miles for each completed group?

Okay, as I said, I haven't heard from Frank yet on Beth's additions. I think they are all downstairs waiting for the OSC.

There is one other thing I had wanted to bring up, but after thinking it over, I've decided that we can do it outside of this Compliance Plan, and that it would just muddle things up.

I should not that this came from Beth, actually, so would need to get Frank's agreement before we use it, but I'm checking with him now.
