They're on the web site now under pge.com\myhome\ledusafety or somewhere like that if you want to look for them now. I can't send a clean link from my BB but will send it to you when I get back to a computer.

Paul, Rich, Julie,  
They JUST finished uploading the maps onto a CD; Bill Stock is on his way back over to deliver to you. We can have more provided to you in the morning but they each take awhile to burn so Bill is bringing you the first one now. The PG&E web site folks are also putting all of the same maps on PG&E's web site tonight so you should be able to find them there too.
