Subject: Smart Meter Bill!!!

Hey Guys,

I requested to have a smart meter replace my old meter because for a few months I was way into the 3rd tier and thought it must be my meter. Anyway, I'm happy to report that yesterday I got my PG&E bill and my amount due had decreased from the \$160+ to \$116. So, can I say that my smart meter lowered my bill? :-)

Now, only if the motion light keeps still.

"...with my smart meter my bill decreased or rather normalized back to what it was..."
